Forecast Holds Out Hope. Tonight's forecast locally holds out encouragement for a game. Forecast-er Eliss says that while the day may not be an ideal one for the national pastime he does not believe that there

will be any rainfall.

Both teams spent today at the theaters and tenight several of the players attended the bout between Leo Houck and Frank Klauss, at the Am-The players are in good condition, with the possible exception of Baker, who was spiked by Snedgrass, and are anxious for the resumption of the Athletic club.

Guessing Who Will Pitch. Neither Manager Mack nor Manager McGraw would announce definitely their selections for mound duty tomorrow. It is well known here that Manager Mack is anxious to win the two remaining games and close the series and his selection will depend entirely upon whom Manager McGraw stakes his fortunes. If the latter, as rumored tonight, should choose either Ames or Wiltse to do the twirling tomorrow. Mack, it is thought, will send either Morgan of Krause to the slab and save Bender for the fifth game to be played in New York on Friday. Mack does not believe that Mathewson will be called upon to pitch a third game and he opines that Marquard will be sent in on Friday on the home grounds, where he would be less liable to become nervous than in facing Neither Manager Mack nor Marage

It was Jack Tighe that landed for the Islanders the only pennants that have been won by Islander teams in the I.-I.-I. race. The machines which he built up and which fought to the last ditch for him, show his ability as a leader And there never was a more popular winning manager on other fields. Not only has Jack proven his ability in Rock Island, but last year when he went to Seattle, he took hold of a losing team and brought it up from the bottom perch. But for the interference of the owner of the club he would undoubtedly have finished at the top in the race. His career before he came to Rock Island was just as brilliam as in the days that he was here.

As Monday was nutting day at the Academy with consequently a holiday and no practice. Coach Leonard's charges have had little chance to get acquainted with the gridiron and unless they get out today and Friday they will have to go up against Hartford on Saturday here without the advantage that a good practice would have given them. FIELD GOAL MAY

SCORE ON YALE West Point Has Some Star Kickers for Saturday Game.

That the Army will try to score on field goals in the game with Yale at West Point Saturday afternoon is the consensus of opinion among followers of football today. The Army started its work in preparation for the Yale game yesterday afternoon with a very light practice. Most of the coaching was on individual work, and the men who could kick were given much attention. Keyes from the 40-yard line dropped 15 goals in succession. In last Saturday's game, the Army took every opportunity to try drop kicking or make a goal from placement, so much stress will be laid upon this feature of the game during the next few days. It is not likely that the Cadets will do any heavy work until late this week, as they are advanced in the game for so early in the season. Several of the men, however, are not in the best shape. Cook, the right end, is still in the hospital, and Findley is nursing bruises, but got into the signal drill vesterday. Europel and end, is still in the hospital, and Findley is nursing bruises, but got into the signal drill yesterday. Burnell and Littlejohn are also a little off form. Hodgson, the speedy halfback, who has been developing rapidly, strained a tendon and will be out of the game for a day or two. The athletic association reports a great interest in the coming game, and with something like 11,000 seafs at their disposal they have 14,000 applicants.

Jewett City: L'Heureux, capt., Popham, Blake, Jodoin, Jarvis, Brown.
